alltel
wireless
authorized agent

All on the Alltel advanced 3G network

delivering you faster speeds
and better connections

This offer is limited to participating markets & locations only. See store or alltel.com for details.

Federal, state & local taxes & charges apply. In addition, Alltel may charge monthly connectivity, regulatory, administrative & 911 surcharges up to \$2.19 & federal & state Universal Service Fund fees (both may vary by customer usage). These additional fees may not be taxes or government-required charges & are subject to change. Additional information regarding your taxes, fees & surcharges is available from your Alltel customer service representative & on your monthly bill. **Smart Choice Pack Requirement:** All new or existing customers activating or upgrading to a smart device are required to purchase & maintain a Smart Choice Pack for the duration of their contract in order to qualify for the in-contract phone price. **Internet Anywhere Information:** Subject to the Alltel Wireless Internet Terms & Conditions available at any Alltel store or at alltel.com. **3G Network Transmission Speeds:** Speeds will vary depending on such circumstances as geography, atmospheric conditions, distance from tower or amount of traffic on system. **EVDO Device & Coverage:** An EVDO-capable device is required. When EVDO is unavailable, wireless data connections will automatically establish on the 1X network, where available. **QuickNet Connect:** When outside the EVDO/1X service area, you may initiate a data session by selecting the QuickNet Connect option. QuickNet Connect usage is billed in full minute increments with a minimum charge of one minute. QNC speeds are considerably slower than EVDO/1X. QNC max speed is 14.4 Kbps. **Data Usage Details:** Data usage is calculated per kilobyte rather than for airtime used. You may be disconnected & lose your data session at any time. In addition to the data transmission charges, you will be charged for other applications, at the rates specified at the time of access or download. Tethering smart devices to a computer requires an additional charge. **Canadian Data Usage:** Canadian data usage is charged in addition to any standard data rate plan, except Extended Wireless Internet. For Wireless Internet Cards, BlackBerry devices, smartphones & wireless handsets with Unlimited Data Minutes or a tether feature, usage is billed at \$0.003/kilobyte. Canadian data usage is rated by session, & is rounded up to the next penny; multiple sessions rounded up may result in a total cost slightly higher than \$0.003/kilobyte. Data usage on wireless handsets that do not have Unlimited Data Minutes or a tether feature will be converted to minutes of use at the Canadian Roaming rate, which is subject to change. **Additional Information:** Limited-time offer at participating locations. Credit approval & approved device required. \$25 non-refundable activation fee & \$200 early termination fee may apply per line. Offers are subject to the Alltel Terms & Conditions for Communications Services & Wireless Internet Usage available at any Alltel store or alltel.com. ©2009 Alltel Communications, LLC.
